# MARSHFIELD RECREATION COMMISSION

The Recreation Commission is comprised of five Marshfield residents, who are appointed by the Marshfield Board of Selectmen. The Commission is both a policy and active board responsible to the town for providing year-round, high-quality indoor and outdoor recreation activities for town residents. The Commission meets regularly to review policy, programs and procedures. Community attendance and input regarding programs and facilities are welcome! The Recreation Commission welcomes volunteers who are interested in promoting the planning of programs for all Marshfield residents. Call us at (781) 834-5543 to see how you can help!

So what does this really mean and what am I getting my self into? The Commission typically meets one Wednesday night per month. The meetings are scheduled to start at 6:00 p.m. and the goal is to complete all business by or before 7:30 p.m. At times the Commission may meet more often, such as if we attend a Board of Selectmen's meeting, or in preparation for the annual Town Meeting.

Commission members are welcome to help at our special events, such as the annual Easter Egg Hunt and Concerts on the Town Green. Commission members may act as a liaison between our board and another town board such as Open Space or Community Preservation Committee. Members may attend a meeting and report back to the Commission. Members are often a point of contact for residents as they may offer program suggestions. Members are appointed by the Board of Selectmen, typical terms are for a three year period. We have a good and varied board. Stop by one of the meetings and see us in action.

## **VOLUNTEERS / INTERNS**

Volunteers assist in the office and may help with phone calls, program inquiries, marketing, fundraising and the business aspects of the department. Our site at Coast Guard Hill has many outdoor opportunities for volunteers, including gardening, masonry, landscaping, grass trimming, etc. Consider sharing your time, skills and knowledge with your local Recreation Department. A few hours a week can make a difference! Students seeking community service hours or community groups/organizations or individuals are encouraged to discuss how they may improve community programs/facilities through partnerships.
